35+ Yrs Experience in Elevator Industry

Featured in Elevator World Magazine for Glass Hydraulic Lifts

USP : Customization | Imported Technology | Expertise | Service

Elevator Technologies : **Geared Traction Lift with Machine Room**

Machine Type : Geared Traction Machine
Make : Imported Torin / Montenari / Sharp

Guide Rail : Imported Monteferro, Italy.

Doors : Imported Fermator, Spain

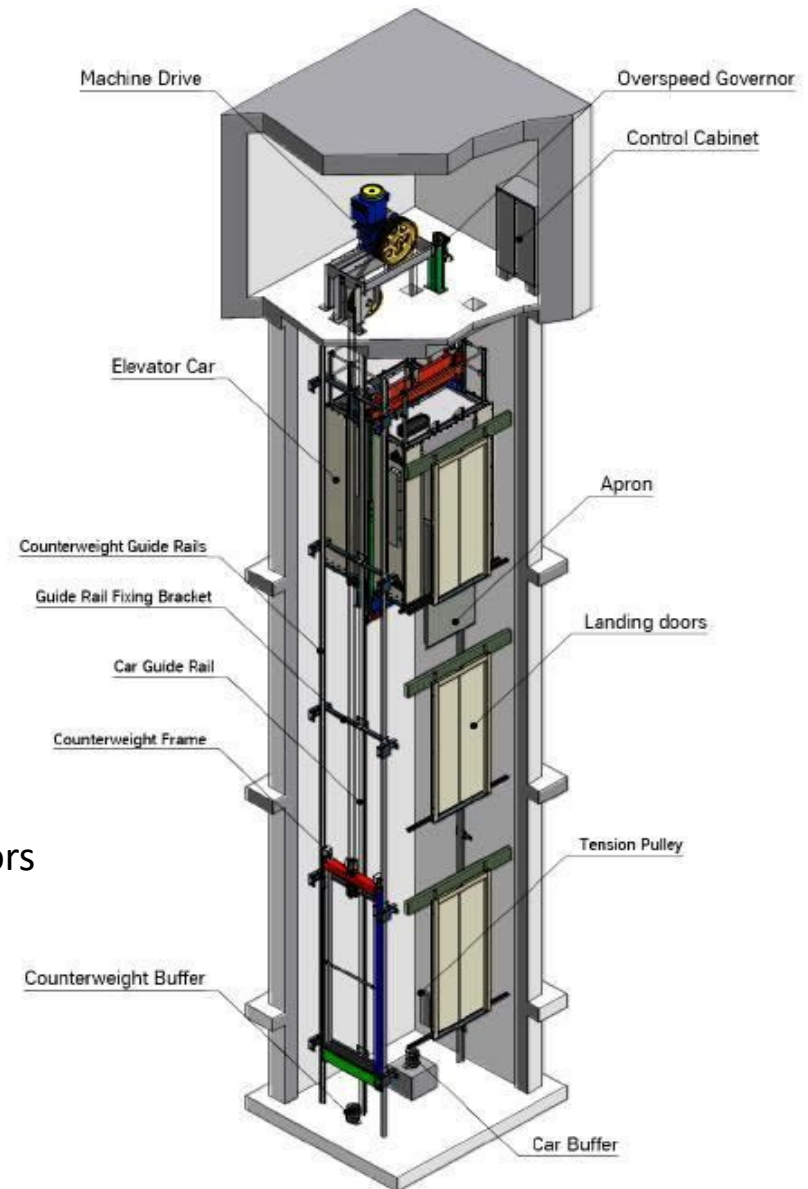

Control : Imported Arkel / OEPL with Schneider Panel
Advanced Integrated Drive - Multiple Safety Features.

Size : Ideal Shaft Size : 1650 x 1500 MM
Overhead : Min 4000 MM. Pit : Min 600 MM

Cabin : Customized Cabin – SS / Glass / Designer Interiors

COP / LOP : Imported BST with LCD Option

Advantage : Low Cost. Low Maintenance
Disadvantage : Require High Machine Room & Pit

Elevator Technologies : **Machine room Less Gearless Lift**

Machine Type : Gearless Machine Room Less
Make : Imported Torin / Montenari / Guda [Belt Drive]

Guide Rail : Imported Monteferro, Italy.

Doors : Imported Fermator, Spain

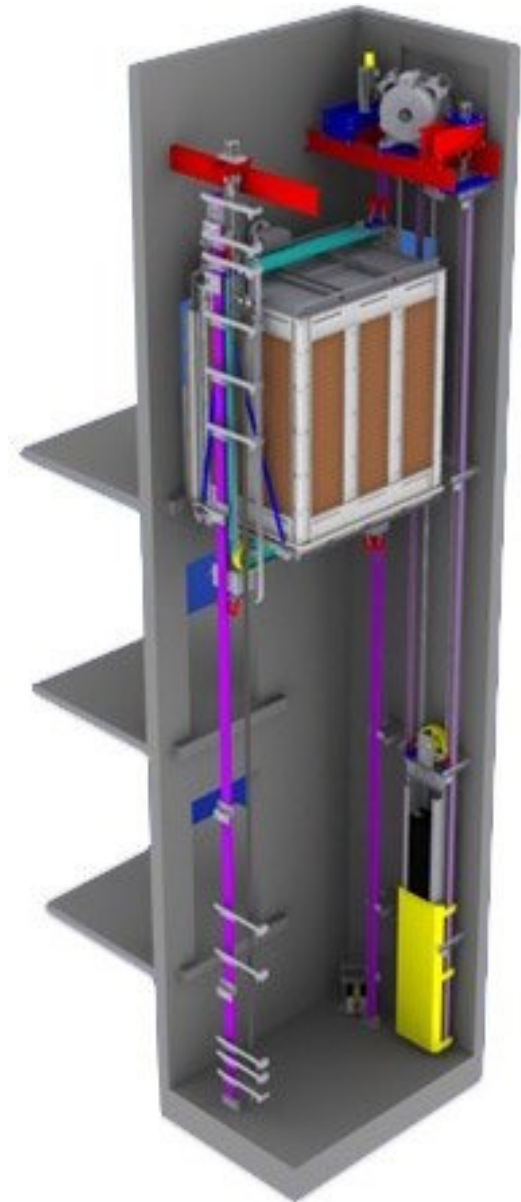

Control : Imported Arkel / OEPL with Schneider Panel
Advanced Integrated Drive - Multiple Safety Features.

Size : Ideal Shaft Size : 1650 x 1500 MM
Overhead : Min 4000 MM. Pit : Min 600 MM

Cabin : Customized Cabin – SS / Glass / Designer Interiors

COP / LOP : Imported BST with LCD Option

Advantage : No Machine Room Required
Suitable for Building with Height Restriction in Aviation Zone
Disadvantage : High Price

Elevator Technologies : **Hydraulic**

Machine Type : Hydraulic PowerPack + Piston + Valve

Make : Imported Moris / GMV Italy

Guide Rail : Imported Monteferro, Italy.

Doors : Imported Fermator, Spain

Control : Imported Arkel / OEPL with Schneider Panel
Advanced Microprocessor Drive - Multiple Safety Features.

Size : Ideal Shaft Size : 1550 x 1500 MM

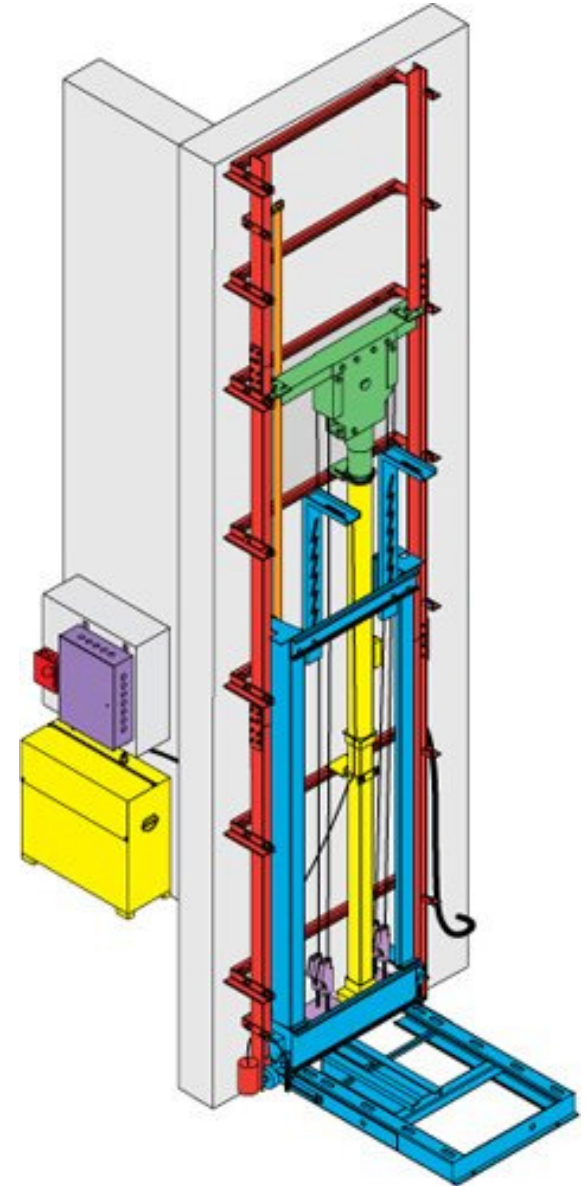

Overhead : Min 3000 MM. Pit : Min 300 MM

Cabin : Customized Cabin – SS / Glass / Designer Interiors

COP / LOP : Imported BST with LCD Option

Advantage : Low Pit Required & No Machine Room
Suitable for Homes & Existing Structure.

Disadvantage : High Cost

Elevator Technologies : **Special Technologies**

Vaccum Elevator - Full Imported, USA

Air Pressure Drive

Low Overhead & Pit

Round Shape. Low Space Required

Aesthetic Glass Design

Disadvantage : High Price

Aritco Home Elevator - Full Imported, Sweden

Screw Nut Drive

Low Overhead & Pit

3 Side Glass Lift. Designer Finish.

Low Maintenance

Disadvantage : High Price

Man & Material Construction Lift

Standard Features

- Capacity : 1000 Kg
- Speed : 0.6 M/s
- Travel : Up to 400 Mtrs
- Cabin Size : ~ 4' x 6' x 7'6"
- Cabin Finish : MS White Powder Coated
- 4 High Quality Rope – 30 Tons Capacity
- Imported & Indigenous Components
- Multiple Safety Features

Standard & Highly Reliable Technology

- Smooth & Noise Free Operation
- High Uptime & Low Maintenance
- Construction Safety Compliant
- Easy to Use & Safe - 20x Safety Factor
- Highly Cost Effective

Man & Material Construction Lift

Benefits :

- High Capacity & Speed
Fast Man & Material Movement
- Loading & Unloading of all kinds of Material :
Bricks, Cephorex Blocks, Marbles, Tiles,
Door Frames, Rabid Material, Trolleys,
Finishing Material, Cement Bags, Plaster,
Gypsum, Plywood, Bathroom Fittings,
Electrical fittings, Fabrication Material Etc..
- Fast, Convenient & Safe Man Movement
Increase Labour Productivity
Improve Supervisors & Consultant Efficiency
Comfortable for Customers
Complete Safe & Reliable Technology
- Cost Effective
Low Maintenance Cost
Noise Free, Smooth & Efficient Operation
Low Operating Cost

Save min 30 - 45 days / Year using Construction Lift
Recover you Investment < 12 Months
